

Men's World Floorball Championship

It is with pleasure that we announce that the City of Malmö and the Swedish Floorball Federation intends to apply to host the Men's World Floorball Championships 2024 in Sweden.

Malmö has extensive experience in successfully organizing events in different styles and sizes. The City offers great facilities, a large hotel capacity, an excellent infrastructure in arenas, hospitality industry and communications and a unique atmosphere and a vibrant old town. Recent events have been the Eurovision Song Contest, World Championships in Handball, World Championships in Jujitsu and many more. This has contributed to a structured organization in the City of Malmö with great experience and knowledge on how to create successful events.

Malmö is only 20 minutes from Scandinavia's largest airport, Copenhagen Airport. Malmö Airport and Copenhagen Airport together offer direct flights to more than 150 destinations worldwide.

All this together with our wholehearted commitment makes me sure that Malmö would be excellent as a host city for the Men's World Floorball Championships 2024. I am also convinced that together we will do our utmost to make the championship a success.

Yours sincerely

Johan Hermansson
**Director of Leisure &
Recreation Services Department
City of Malmö**
