Ms. Katrin Stjernfeldt Jammeh

Mayor
Malmö
Sweden

Dear Mayor,

I am pleased to present the greetings of the World Organization of United Cities and Local Governments and congratulate you for the significant work that the Department for Culture of the City of Malmö has developed as Leading City of the UCLG Culture Committee.

The "Leading Cities" are the cities with conceptual and practical experience in the place of culture in sustainable cities. They are aware of our founding document (Agenda 21 for culture, 2004) as well as in our most recently approved toolkit (Culture 21 Actions, 2015). The Leading Cities of the Committee on culture are the most visible cities of our network and active in three domains: "Advocacy", "Communication" and "Learning".

Given the meaningful partnership we would like you to

consider renewing this partnership for the period 2022 and 2023.

We are convinced the continuation of Malmö as a Leading City will be a critical and mutually beneficial endeavor that will enhance the international profile of the city while serving as inspiration to others around the world.

I and the Culture Committee team remain available to provide any additional information you might require and develop an agreement that reflects the expectations in the framework of this collaboration.

I look forward to your positive response and take the opportunity to present to you the assurances of my greatest consideration and regard.

Yours sincerely,

Emilia Saiz

UCLG Secretary General
